

Should toothbrushes carry a health warning?

Lecturer - Professor Martin Addy

Wednesday 19th May 2010

Organiser -Peter Keeton

PROGRAMME

13.45 Registration and coffee

14.00 The problems

15.30 Afternoon tea

15.45 The answers

16.45 Close

Aims:

The aim of the presentation is to answer the following questions:

- Toothbrushing, tooth wear and dentine hypersensitivity, are they associated?
- Is dentine hypersensitivity a tooth wear phenomenon?
- Can tooth brushing damage your oral health?
- Does tooth brushing cause gingival recession?

Objective:

To provide participants with a thorough understanding of the processes involved in dentine hypersensitivity and tooth wear.
