Aim

To inform and update participants on how to avoid problems that are avoidable and how to manage mishaps that may occur in relation to current dento-legal requirements.

Objectives

To be updated on:

- GDC requirements, standards and procedures
- Confidentiality
- Dealing professionally with complaints
- Working with colleagues and referring patients appropriately
- Commitment to lifelong learning
- Principles of good record keeping
- Consent
- Current NHS regulations for the provision of treatment for patients (but not UDAs)
- UK employment law – the basics, not business or contract matters
- Negligence
