

Dental Postgraduate Department

**What's What in Modern Orthodontics?**

(SW-19-02-28-01)

Date and venue:

Thursday 28<sup>th</sup> February 2019  
Engineer's House, Clifton, Bristol

Course Organiser:

Samantha Braddock

Course Lecturers:

Nicola Atack and Christian Day

**Programme**

18.00- 18.30	Registration and light buffet
18.30- 20.30	What's what in modern orthodontics?

**Aim**

To provide an overview of the orthodontic referral pathway and an update of the types of orthodontic cases that could be referred for a second opinion.

**Objectives:**

- To understand the orthodontic referral process & be able to refer appropriately
- Be able to apply IOTN
- To evaluate which patients may benefit from interceptive orthodontics
- Appreciate what orthodontic options are available for all patients
- To give an insight into how an orthodontist assesses a patient's developing occlusion

**Learning objectives**

This session is intended to create an understanding of the orthodontic referral pathway, assessment of the child patient and the types of orthodontic cases that could be referred.

**GDC development outcomes:**

- A - Effective communication with patients, the dental team and others across dentistry, including when obtaining consent, dealing with complaints, and raising concerns when patients are at risk
- C - Maintenance and development of knowledge and skill within your field of practice
