

Taking GP Education Forwards

Embedding multi-professional care & education in General Practice

Wednesday, 16th May 2018

Tankersley Manor, Barnsley

Objectives

1. Describe the context and necessity for workforce transformation in General Practice
2. Review existing and new roles and our experience to date
3. Consider and engage in leading workforce planning.
4. Explore how as GP educators we can engage and help build a broader multi-professional learning environment in General Practice
