

Rank and Power Dynamics An Uncomfortable Issue In GP Training?

Friday, 12 October 2018 - Leadership Academy, Leeds

09:00 - 12:30

A half day course that explores how power and authority come into the trainer/trainee relationship. Often ignored or even undiscussable, rank and power dynamics have a significant influence on our relationships in medicine.

Aim

To make power dynamics easier to acknowledge and work with.

Objective

Provide a model for understanding rank and power dynamics and explore how it can be used in practice.
