

TEACHING THE TRAINERS (2-Day Course)

Tutor: David Clegg

Course Objectives:

By the end of the 2 days participants will have had the opportunity to:

- Consider key skills needed for effective teaching
- Explore underpinning concepts of adult learning, feedback, evaluation and assessment techniques and how these can be built upon within medical/clinical education
- Identify different styles of teaching and learning
- Develop and practise strategies for planning and delivering effective teaching and training
- Plan and deliver a short teaching session
- Deliver and receive feedback on a short teaching session
