

Maintaining the Art of General Practice

Wednesday, 8th May 2019 - The Yorkshire Sculpture Park

09:15 - 16:30

Dr Nicola Gill & Dr Roger Higson

Sensory Loss

Aims

Using resources at the 'Yorkshire Sculpture Park' we aim to improve our understanding of living with conditions that cause sensory loss.

Objectives

We will discover how the creative arts can be used to help a trainee understand the patient's perspective of their world.

Each year we chose different topics for our seminars. In Spring School 2019 the topics will be 'Sensory Loss' and 'Storytelling'. These seminars are not connected and so trainers can attend one or both. In Autumn 2019 our topic will be 'Compassion'.

Nicola & Roger look forward to welcoming you at one or both days
