

Maintaining the Art of General Practice

Thursday, 9th May 2019—The Hepworth

09:15 - 16:30

Dr Nicola Gill & Dr Roger Higson

Storytelling

Aims

We will explore the questions:

Why do patients tell their medical history as a story?

How can we encourage trainees to understand the importance of the patient's story, and identify the relevant and important elements?

Objectives

We will use the resources at 'The Hepworth' to help explore this topic and discover how the creative arts can be used to facilitate learning in small group or a tutorial.

Each year we chose different topics for our seminars. In Spring School 2019 the topics will be 'Sensory Loss' and 'Storytelling'. These seminars are not connected and so trainers can attend one or both. In Autumn 2019 our topic will be 'Compassion'.

Nicola & Roger look forward to welcoming you at one or both days
