

Advance Your Career with the NEBDN Orthodontic Dental Nursing Post-Qualification Course

Are you a qualified dental nurse looking to expand your skills and take the next step in your career?

The **NEBDN** orthodontic dental nursing post-qualification course provides a great opportunity to enhance your knowledge and strengthen your essential role within the multi-disciplinary orthodontic team.

Partly funded by NHSE, this course offers a supported, accessible pathway to develop specialist skills in orthodontic dental nursing while continuing to work in practice or community settings.

The programme is delivered through blended learning, combining the flexibility of supported online study with four in-person attendance days at the Dental School in Leeds. This structure allows you to gain high-quality training while balancing your professional commitments.

By completing this qualification, you will deepen your understanding of orthodontic procedures, improve patient care, and contribute even more effectively to the wider dental team.

For further details about the course starting in **September 2026**, please visit our online booking system Maxcourse: <https://www.maxcourse.co.uk/yhpd/guestCourseCalendarCourseDetails.asp?cKey=31484> or email Julia.armstrong4@nhs.net

Don't miss this opportunity to develop your career and strengthen your vital role in modern dental practice.
